MENMF0026

11" Magnetic Socket Holder

With special step-style arrangement. Movable upon request and can accommodate about 16pcs sockets with size varying from 1/4"Dr-3/8"Dr. This magnetized design can prevent sockets from falling, also it strengthens the backboard, so it is quite convenient to move the fasten position.

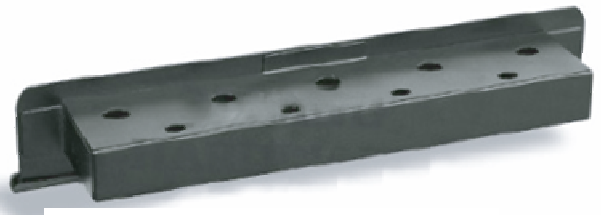

MEMSKH11

11" Magnetic Screwdriver Holder

With two rows of screwdriver holes. Movable upon request and can accommodate 9pcs screwdrivers. Attach aside the tool cabinet and spare space. This independent set can arrange screwdrivers and keep them visible and handy.
